

Business partnership Outsourced Services

GB Business VAT

Outsourced services

GB Business VAT Ireland Limited offers partners an outsourced expense management service that can be provided to your clients no matter what expense management software system they have implemented - or think about implementing.

Our service enables your clients to improve the management of their business expenses by:

- Better compliance
- More cost reduction
- Extended employee productivity

Expense processing

Value added services

Our secure and transparent outsourced service simplifies expense processing, removes a lot of unnecessary paper trails and speeds up the process and also making it less open to inaccuracies and errors.

Expense processing services:

- Receipt Handling
- Scanning Of Paper
- Back Office Storage
- Expense Report Payment
- System Administration
- End User Support

Expense auditing

Added value services

GB Business outsourced services can take care of these vital tasks that business expense management systems are not able to handle in order to stay in control of business travel expenses.

Expense auditing services:

- Receipt Match
- Verification: Date, Amount, Type of Expenditure
- Confirmation Reasonable Expense
- VAT Compliance and VAT Reclaim
- Fraud Issues

Business opportunity

Partnership

GB Business VAT Ireland Ltd is always looking for mutually beneficial partnerships.

Are you our next partner?

Value added service

Advantage

The most important factor is that the partner has an existing client base, this makes it easy to start-up this additional revenue channel by offering the outsourced services to this client base.

This service can even be offered under your own brand, as GB Business can white label the service if required.
